

# PORTABLE CABIN

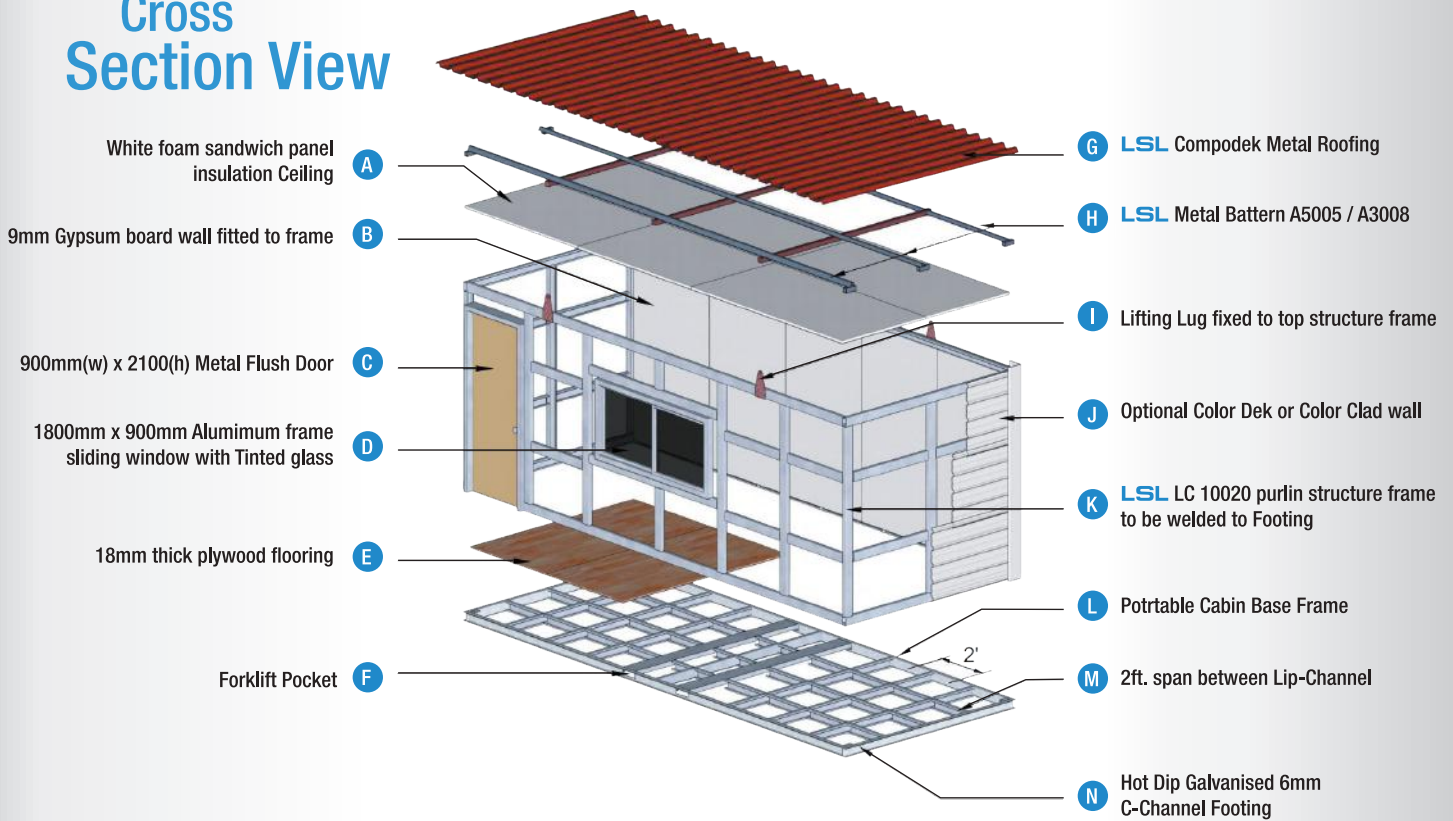

Solution to the  
Concept of  
**SPACE**

**Portable Cabins** are traditionally used as office and storage room for construction site and industrial usage, **Portable Cabins** have extended to common space solution for individuals and home owners in this present day. With the advantage of mobility, **Portable Cabins** can be easily transported to ideal locations and sites for various uses. Fabricated and constructed locally by our skilled professional, **LSL Portable Cabins** enables clients to design and communicate their ideas and concept to us, working together to customize each and every cabin to client's requirements.

## Standard Basic Cabin Size

CODE	W(ft)	L(ft)	H(ft)
PC810	8	10	8
PC815	8	15	8
PC820	8	20	8
PC830	8	30	8
PC840	8	40	8
PC1020	10	20	8
PC1030	10	30	8
PC1040	10	40	8

### Standard Basic LSL Portable Cabin includes:

- Galvanized 6mm C-Channel Footing
- Forklift Pocket
- Compodek Roofing Roofing Insulation
- 1 Nos 900mm x 2, 100mm metal flush door
- 1 Nos 1800mm x 900mm aluminium framed sliding window with tinted glass.

## Material Specifications

Materials used meet stringent tests such as tensile strength, QUV simulate, cyclic corrosion, QCT, gloss uniformly, T-bend, impact resistance and optical admission.

Base Metal Steel	Complies With JIS G3312; AS1397; MS1196
Minimum Tensile Strength	350 to 550 MPa
Base Steel Coating	Zinc Coated (Z18) /
	Aluminum Zinc 55% Coated (AZ150)
	Primer Coat: Epoxy Finish (Top Coat)
Standard Paint System	Regular Polyester /
	Silicon Modified Polyester (SMP) /
	Poly Vinyl Fluoride (PVF2) Service (Backer): Polyester
Paint Coating Thickness	5-10µmmax
Service (Baker) Coat Primer	5-10µmmax
Coat Finish Coat	15-25µmmax
Primer + Finish Coat	20-35µmmax

Finish Coating

Primer Coating

Chemical Pretreatment

55% Al/Zn Coating

Cold Roll Steel

55% Al/Zn Coating

Chemical Pretreatment
